"I support 'Go Red for Women' to stress the importance of self-maintenance and living a healthy life style, which is paramount to having and maintaining a healthy heart. Being the youngest brother of six sisters, I have experienced heart disease upfront within my family after losing three of my sisters to this devastating disease. Knowing that this disease is preventable, I feel obligated to live a healthy lifestyle and share the importance of healthy living with others."

Larry Green

**Senior Government Official
Missile Defense Agency**

Mr. Larry Green is a native of Fort Lauderdale, Florida and the youngest of 12 siblings. After graduating from Stranahan High School, Larry attended West Virginia State University (WVSU) located in Institute, WV (an HBCU) on a football scholarship.

While at WVSU, Larry was a four year starter on the football team. He joined and became a distinguished military graduate of the Army ROTC Program. He was initiated into Kappa Alpha Psi Fraternity, Inc., Tau Chapter, in 1979. Larry graduated after four years with his Bachelor of Science Degree in Business Administration and was commissioned as a 2nd Lieutenant in the Air Defense Artillery Branch.

Larry's military career consisted of assignments/duties ranging from Commander of an Air Defense Battery to duties as a Deputy Program Manager in a Joint Assignment with the Navy's Unmanned Aerial Vehicles Program while assigned to the Pentagon. His assignments covered duty in Korea, Germany and six different military installations within the United States. His military career culminated with his retirement after 20 years of distinguished military service, completion of his Masters Degree from Webster University in Procurement and Acquisition Management.

Larry is currently a Senior Government Official for the Missile Defense Agency serving as the Director of Earned Value Management for the Homeland Defense Discrimination and Surveillance Radars Directorate. He is looking forward to retirement from Civil Service within the next couple years and spending time with family, traveling, enjoying his extracurricular sporting activities and continuing to increase his rental property portfolio/acquisitions.

He is married to the love of his life, Terry R. Green (President of the Central North Alabama Alumnae Chapter of Delta Sigma Theta Sorority, Inc.), and he is the proud father of 2 adult children, Jasmine Green and Jarrod Ross.

“Being a public servant affords me the opportunity to see the effects cardiovascular disease has on our community. Events such as this to bring awareness and help fund initiatives are key to continuing our fight to bring health to our community. This is my why.”

Billy Jackson
Councilman
City of Decatur

Billy Jackson is a lifelong resident of Decatur, Alabama and the son of the late Lorenzo Jackson, Sr., and Bettye Jackson. Throughout his life, his parents emphasized the importance of both education and community.

Following high school, Billy followed the advice of his parents and attended Alabama A&M University where he majored in Chemistry. After completing studies at Alabama A&M University, he was employed by Environmental Service Labs as the Organic Chemistry Supervisor. Billy later attended Nova Southeastern University where he received his master's degree in Employment Law. He is currently pursuing a doctoral degree in Criminal Justice. In 1996, Billy was elected as District One Representative for the City of Decatur. To broaden his understanding of city government and business operations, Billy furthered his education at Faulkner University (Business Administration). From 2004 until 2008, Mr. Jackson had the pleasure of serving as council president for the City of Decatur; the first African American to hold the position.

For the past 28 years Mr. Jackson has served with great passion and integrity to represent the interests of District One and the citizens of Decatur. Throughout each of his seven consecutive terms, Mr. Jackson has made himself readily accessible to the citizens of Decatur. As a result, he feels that he has the luxury of voting on each issue with the understanding that he is voting in the best interest of his constituents.

For the past 34 years, Billy has been married to Dr. Theodora (Teddi) Jackson, who he boasts is his strongest ally, supporter and best friend. The union has been blessed with two wonderful children, his son, William, Jr., who is married to the former Chandler Mathews and his daughter Eria, who is married to Lamont Crittendon, and one grandson (William).

“What is my why? I choose to support this effort because heart health/awareness is monumental. Being cognizant of how heart disease has impacted the overall community and my family directly, I feel it is imperative that we administer every action possible, in order to combat the ill-effects of the ailment.”
